CUSTOMIZED SAFETY PROTECTION

# TOOLING MOBILE ROLLING PLATFORMS

- Customization of rolling access platforms (*Engineered Solutions*)
- Mobile work platform STP file modeling
- Tooling platforms with precision parts
- Rolling stairs with light weight modular design
- Access equipment that is ergonomically friendly
- Rolling platforms that are OSHA compliant
- Ground support equipment with standard components for quick delivery

## MP-Series MOBILE TOOLING WORK PLATFORM

### AeroStep MP-Series

The Ground Support Rolling Platform MP-Series adds unparalleled mobility to the workspace of a fixed platform. The powder-coated handrails, full-size 54° rise stair stringer and standard-sized steps meet OSHA specifications for mobile platforms. The lightweight aluminum construction and 360° swiveling casters make the mobile platform easily maneuverable by a single person.

- Customization of rolling access platforms
- Highly Mobile
- 360° swiveling casters
- OSHA compliant

## G-Series MOBILE TOOLING WORK PLATFORM

### AeroStep G-Series

The Ground Support Rolling Platform G-Series adjustable height design provides a safe work platform at the correct height for the job. The self-supporting ground support platform allows operators to work in multiple locations without a ladder. The 24-inch-wide steps and platform (6 sq. ft.) self level to present a safe walk and work surface at any of its height settings.

- Adjustable Height
- Large Work Area
- 360° swiveling casters easily roll both indoors and out
- Easily Mobile

## C-Series MOBILE TOOLING WORK PLATFORM

### AeroStep C-Series

Tooling access mobile rolling platforms for aviation, ground support & production for fall protection. Cantilever work platforms for maintenance also available.

- Stability Meets Mobility
- Safe, Spacious Work Area
- Access equipment that is ergonomically friendly
- Light weight modular design
- OSHA compliant

## TR-Series MOBILE TOOLING WORK PLATFORM

### AeroStep TR-Series

The Cargo Hatch Access Stand is a tilt and roll workstand designed to provide space to get the job done no matter where the job may be. The six square feet of platform space safely accommodates an operator, tools and parts—with room to spare. And the lightweight frame and unique side rolling wheels make this rolling platform easy to move and position in tight spaces.

- Ample Room to Work
- Built for Safety
- Unique side rolling wheels
- Full-size handrails
- Full toe board

AEROSTEP

# ROLLING TOOL PLATFORMS

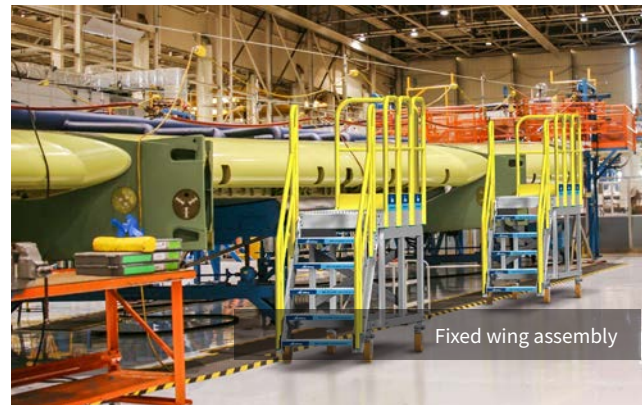

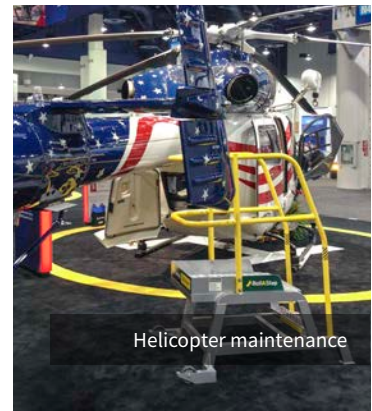

- Versatile – Can Be Offset to Left or Right
- Durable – Heavy-Duty Aluminum Construction
